

Water-Based Soundproof Intermediate Coating Paint

PLANET SUPRA NRVC

Water-based soundproof intermediate coating paint that can bring out the highest thermal barrier efficiency of PLANET SUPRA

- ① Applicable with roller, brush, spray gun etc. depending on on-site situation.
- ② Application as intermediate coating between base coat (primer/sealer) and top coat (e.g., PLANET SUPRA, PLANET SUPRA NEO, other common paint), offers an additional performance of sound and vibration insulation.
- ③ PLANET SUPRA NRVC gives almost no weight load onto buildings or objects coated, as it is much lighter compared to sheeted sound insulation and damping materials.
- ④ PLANET SUPRA NRVC was originally developed to effectively draw out the most efficient performance of PLANET SUPRA and PLANET SUPRA NEO.
- ⑤ Available to use for just the purpose of dampening the sound and vibration.
- ⑥ Applying PLANET SUPRA NRVC on the inner side of roof contributes to soundproof effect.

■ Weight: 18 kg
